

Month: April 2021

ONLINE FIRE SAFETY DRILL

Fires can be very deadly and unpredictable. It can cause houses, trees and many other things to burn into ashes. Thus, it is necessary that everyone should be made aware about fires and what to do when a fire occurs. As the world is going through the Covid-19 pandemic at the moment, the only illuminating way to apprise the students about fire safety was through a video and therefore, the Disaster Management Club of Delhi Public School, Mathura Road organized a virtual fire safety drill through a very enlightening video. The video included details about elements of fire, precautions that can be taken, terms related to fire, what to do if you discover a fire and how to use a fire extinguisher. The video was shown to students of all classes by their concerned teachers on the 20 th of April.

HINDI INTER SECTION COMPETITION 2021

पर्यावरण संरक्षण को समर्थन देने के लिए सन् 1970 से प्रत्येक वर्ष 22 अप्रैल को अंतर्राष्ट्रीय पृथ्वी दिवस मनाया जाता है।

SOCIAL SERVICE CLUB ACTIVITIES

In the month of April, the students of class 6th had sessions on growing up, adolescent changes, physical, mental, emotional and behavioural changes in boys and girls, good touch and bad touch, and responsible adolescent behaviour..

Students of 6th and 7th were informed about child safety, child sexual abuse, anti-bullying, Pocs0 act and child helpline no 1020 thru case studies, short films and real life stories.

Students of class 6th, 7th and 8th were made aware of Corona prevention and ways to boost one's immunity through a healthy nutritious diet and importance of physical exercise. Students were encouraged to eat homemade hot food, use herbs and spices, increase the intake of fruits, dry fruits, and green vegetables and whole grains.

All the students of classes 6th to 8th were involved in various creative, art, music, dance and drama, cookery and story writing activities as hobbies to improve their mental wellbeing and happiness. Students were appreciated for their achievements and rewarded.

Students were motivated to take up small acts of social responsibility like looking after stray animals, teaching some underprivileged children, tree plantation, donation of food, clothes and household items to the poor and needy. This would develop values of empathy and compassion in our little children.

Students of middle school made posters on Anti Bullying and child safety, and good touch and bad touch and presented little skits in the class.

In order to develop the culinary and creative skills in the children, cooking without fire classes were conducted during the summer break where the children made nutritious salads, sandwiches, fruit preparations, chapati chats, biscuit and cake decorations, sweet healthy ladoos, all prepared very hygienically hence inculcating the habits of kitchen cleanliness, effective waste management, kitchen safety, and importance of balanced and healthy nutrition. Their recipes were very decorative and were displayed in all their class groups and applauded by all. This Activity made the children very happy and joyful and enhanced their creative skills.

As a part of Swachhta programme, students were motivated to maintain utmost personal hygiene, maintaining cleanliness at home, proper sanitisation of all daily needs groceries, wearing masks, regular handwashing, and use of sanitisers, and maintaining social distancing. This would help to keep them safe from corona.

International Earth Day

Nature is painting for us, day after day, pictures of infinite beauty.” —John Ruskin

The environment council of Delhi Public School Mathura Road has been regularly organizing various environment related events and conducting various seminars to ignite the flame of love towards nature in the mind of young environmentalists. Following this legacy the club organized various events in the month of April.

To begin with, the environment council of Delhi Public School Mathura road opened its gate for the first time for classes 6th-12th in the month of April in order to create a society that is well aware on how to protect and preserve our mother earth. Various meetings, webinars and group discussions were conducted to make the students aware about the environment, and do their part to save mother earth. The council is now having more than 100 students who are working as volunteers and members to educe the love for nature in the heart of people.

Secondly, the Ganga Quest, an online quiz was conducted by National Mission for Clean Ganga (NMCG), an authority under the Ministry of Jal Shakti, Government of India. The event started on 7th April and was steered by about 50 quizzing wizards who had compassion towards environment. The council organized a poster making competition which was from 17th April to 22nd April. This was accompanied by an active participation by the young minds of our school. The theme of the event was ‘restore our earth’ and it was complimented with various other events including photography, poems, articles etc.

The students of senior school were sermonized by the members of the environment council to make them aware about the current situation of the global environmental degradation and a pledge was taken. Also an online letter writing competition was conducted on 22nd April by The BEST Club (lung care foundation) of our school for classes 6th to 12th. The students were given on the spot topic with time duration 45 minutes. There were about 40 students who enthusiastically participated in this live event.

Lastly a video campaign was organized for classes 9th-11th in the last week of April where the students had to create awareness on the increasing issue of “Noise Pollution”. In this they had to make a 30 second video which could include reel, comic punchline or standup comedy. It was a great success with huge participation.

Through this council, they plan to create individuals who take citizens muscle action to bring back the best of nature.

EARTH DAY ASSEMBLY - April 2021

The 51st earth day assembly was held for all students which was conducted on 22 April.
