

Class XII Geography Fortnight 2018-19								
S NO	FORTNIGHT	DAY S	TOPICS	SUB -TOPICS	Topics	Total	Assi gn	test
					PDS			
1	19TH March- 28TH MARCH	8	1-Human Geography- nature and scope	1. Introduction	1	16		
				2. Nature of human geography	1			
				3. naturalization of humans and humanization of nature	1			
				4. Human Geography through the corridors of time.	1			
				5. Fields and subfields of human geography.	1			
			2-The World Population	1. Pattern of Population distribution in the world and density of population.	1			
				2. Factors influencing the distribution of population	1		13/04	
				3. Population growth.	1			
				4 Trend in population growth .	1			
				5 Special Pattern of Population change.	1			
				6. Demographic transition	1			
				7.Practical [introduction]	1			
				2. Age structure	1			
				4. Literacy.	1			
			Introduction to cartographic techniques	Climatic graph,bar diagram-sub-divided,compound bar diagram	2			

2	2ndApril-13April	11	Ch4-Human development [book-1]	1-Growth and development	1	17				
				2-four pillars	2					
				3-4 approaches	2					
				5- measuring human development	2					
				6-International comparison	1					
			Ch-5 Primary activities	1-Hunting and gathering	2					
				2-pastoralism	2					
				3-Agriculture	1					
				4-Mining	1					
			Practical	Wheel diagram, statistical techniques and correction of the file	1					
			Ch-6 Secondary activities	1-Manufacturing	1					
				2-Factors of location	1					
3	16thApril- 27th April	11	Ch-6 Secondary activities	3-classification	1		16			
				4-traditional large scale	1					23/04
				5-high technology industries	1					
				Egs-Ruhr, iron and steel industry	1					
			Ch-7-Tertiary and quaternary activities	1-Types of activities	2					
				2-trade and commerce	2					
				3-Retail trading,wholesale trading	2					
				transport and communication	1					
				5-services	2					

				6-Quaternary act	1			
				7- Quinary act	1			
				8- practical	1			
4	1st May-18th May	15	Socio-economic survey at the household level	Use of cartographic techniques	4	22		14/05
			Ch-8 Transport and communication [book-1	Collection of data, tabulation analysis	4		04/05	
				Compilation of data and presentation through project report	4			
				Submission of report	2			
				Thematic maps	3			
				Isopleths	1			
				Choropleth	1			
				Dot map	1			
				1-Different modes of transportation	1			
				2-imp-of roads,railways	1			
	21st May-25th may			3- water transport-ocean routes	1			
				4- inland water transport	1	12		
				5- Airways	1			
				6-pipeline transport	1			
5		5		7- means of communication	1			
				8- map based ques	1			
				9-types of ports	1			
			Ch-9 International trade [book-1]	1-History of international trade	1			
				2-basis of international trade	1			

				3-aspects of international trade	1			
				4-types of international trade	1			
				5-need –international trade,WTO	1			
				6-regional trade blocs				
<b>completion of syllabus by 25th May 2018</b>								
				<b>summer vacation from 26th May to 28th June</b>				
				<b>first term exams 29th June- 9th July 2018</b>				
<b>PTM 28TH July 2018</b>								
6	10th July -31 st July	16	Ch-10 Human settlement	1-classification of settlement	1	25		
				2- types and patterns of settlement	1			
				3- factors influencing rural settlement	1			
				4-different patterns of settlement	1			
				5-problems of rural settlement	1			
				6-urban settlement- criteria,patterns	1			
				7-classification of urban settlements-on the basis of functions	1			
				8-case study	1			
			Ch-1 Population book-2	1-Distribution,density and growth	1			
				2-population composition	1			
				3-liguistic and religious classification	1			

				4- regional variation-linguistic groups	1			
				5- occupational pattern	1			
			Ch-2 Migration	1-defination	1			
				2- causes, types	1			
				3-factors-economic,demographic,socio-cultural	1			
			Ch-3 Human development book-2	1- selected indicators	1			
				2- regional patterns	1			
				3- pop-envt.,development	1			
				Literacy-indicator	1			
				Occupation-indicator	1			
			Ch-4 Human settlement [book-2]	1- classification with examples	1			
				2-urbanisation	1			
				3-urban settlement- problems	1			
				SKILL BASED QUES	1			
7	1ST Aug -18th Aug	13	ch4 Human sttlement Ch-5 Land resources and Agriculture	1-general land use	1	18	03/08	
				2-changing land-use patterns	1			
				3-agricultural seasons-crops	1			
				4-agricultural developments and problems	2			
				5-CPR,S	2			
			Ch-6 water resources book-2	1-water resources-surface and ground water - reasons for insufficient utilisation	2			
				2-diag based ques	1			

				3-demand of water for irrigation,variation in utilisation	2			
				4-map based ques	1			
				5-emerging water problems	1			
				6-water conservation and management techniques-discussion of water problems	2			
				recycle,reuse,watershedmanagement,rainwater harvesting	2			
				7-case study,national water policy	2	16		
8	20th Aug- 31st Aug	9	Ch-7 MINERALS	1-Types of minerals	1			
				2-Regions- distribution,classification of minerals	3			
				3-energy resources-conventional,non-conventional	2		24/08	
				4-Distribution,features of minerals-oal, types, petroleum, natural gas	2			
				5-Description OF NON-CONVENTIONAL RESOURCES-nuclear,windsolar,tidal,wave geo-thermal,bio-energy	2			

				conservation of mineral resources	2			
				Practical	2			
<b>Completion of Syllabus 31st Aug 2018</b>								
<b>Revision: 4th September-6th September 2018 (02 days)</b>								
<b>Practical exams 7th Sept, 8th Sept, 24th Sept &amp; 25th Sept (04 days)</b>								
<b>Mid Term Exams from 12th Sept to 22nd September 2018</b>								
				<b>PTM On 13th Oct 2018</b>				
9	26th Sept-17th Oct	15	Ch-8 Manufacturing industries	1-Manufacturing and significance	1	23		
				2- factors significant for location	2			
				3-classification of industries-various basis	2		10/10	
				4-Description of various industries-iron and steel, textile, sugar cane,	3			
				petro-chemicals				
				5-New industrial policy-various aspects	2			
				6- impact of new industrial policy on Indian economy	2			
				7-description of various industrial regions	2			
			Ch-9-PLANNING AND SUSTAINABLE DEVELOPMENT	1-Need for planning	1			
				2- Planning in India	1			
				3- Different types of planning	1			

				4- Case study-Bharmaur region,and Indira Gandhi canal	1			
			Ch10 Transport and Communication	1-Significance- roadways,classification,density,economic implications	1			
				2- railways-growth, gauges factors	2			
				3-waterways--inland,significance,drawbacks, National Waterways	1			
				4-AIRWAYS-OPENSKY POLICY	1			
				5-Pipeline transport-positive and limitations	1			
				<b>Dusshera break 18th Oct-21st oct 18</b>				
10	22nd Oct- 3rdNovember	10	Ch-11 International Trade	1-Changing pattern of international trade	4	16		
				2-Trading pattern,trading partners	4			22/10
				3-significance of ports, types ,new ports economic significance	4			
				4-Airports-significance,areas,types of services.hinterland	4			
			<b>Diwali Break 5th Nov-11th Nov</b>					
11	12th Nov- 7 December	18					12/11	

			submission and discussion of project	viva ques ,correction of mistakes and final submission	5	28		19/11
				GRAPHICAL TECHNIQUES	5			
			Ch-12 geographical	1-Environmental pollution-types	4			
			on selected issues and problems	2-urban waste disposal	5			
				3-urbanisation-rural-urban migration [impact]	5			
				4-problems of slums ,case study,land degradaton-jhabua case study	4
