Dear Parent,

July 1, 2025

We are thrilled to welcome the children back and are looking forward to an exciting time filled with engaging classroom activities and meaningful learning experiences.

Children are naturally inquisitive and learn quickly from the world around them. One essential life skill we aim to nurture early on is understanding *what* to eat and *how* to eat. With this in mind, we are introducing a special week on the theme **Table Etiquette and Healthy Eating**. During this week, the children will participate in fun and educational activities designed to teach them proper table manners and the value of a well-balanced diet.
