Pre-Primary Wing

Newsletter

1st April 2024

Dear Parent

A heartfelt welcome to the Pre-Primary Wing as your little one embarks on a journey into an exciting and vibrant world where learning is fun and holistic. Here, we are committed to nurturing every facet of our little ones' development.

As we step into this session 2024-25, we eagerly look forward to your unwavering support and collaboration. Together, let's create a delightful and enriching experience for our children.

The activities for the month are listed below.

ACTIVITIES FOR THE MONTH

Date/Day	Activity	Activity description	Learning outcome
April 1, 2024, and April 2, 2024 (Monday/ Tuesday) (Pre-Primary)	1. Welcome Activity 'Let's get ready for our new class' 2. Colourful Clown	1. Children will decorate and wear the paper necktie. 2. Using their imagination children will make a clown.	The children will be able to develop their fine motor skills and imagination.
April 8, 2024 and April 9, 2024 (Monday/ Tuesday) (Pre School)	1. Welcome Activity 'Let's get ready for our new class' 2. Colourful Clown	1. Children will decorate their headband and wear it. 2. Children will do a clown-making activity using handprints.	The children will be able to familiarize themselves with their teachers and enhance their fine motor skills.
April 10, 2024 (Wednesday)	Eid Celebration 	Children will do a worksheet on 'Eid' using the paper tearing and pasting technique, and celebrate the festival with sweet vermicelli (meethi sewian).	Children will learn about the holy month of Ramzan and understand the importance of the festival.
April 15, 2024 (Monday) (Pre School)	Chitter Chatter Buddies	Fun, circle time activities and a worksheet (Peek-A-Boo) are planned to familiarize the children with their new environment and friends.	The activities will help children to know their peer group and make friends.
April 22, 2024 (Monday) 	Earth Day Craft 'Save Mother Earth'	Children in Pre-Primary will make a stick-craft of Mother Earth. Children in Pre-School will make a medal depicting Mother Earth.	Using creativity and imagination children will learn the different ways to take care of planet Earth.
