Dear Parents,

A month of festivity and fun with an endless stream of activities came to an end with the children embracing the rich culture and heritage of India. Patriotic celebrations for Independence Day taught lessons in freedom and responsibility, engulfing each one of us in a spate of patriotic fervor. We aimed at inculcating in the children a deep love for our country, helping them to grow up to be proud Indians. They were exposed to the multi socio-cultural extravaganza which is the essence of our country through the National Integration Week. Festivals like 'Janmashtami', 'Raksha Bandhan' and 'Eid' helped the children understand the spirit of community sharing and caring.

September is the month that strikes a key note as it pays a tribute to all teachers on 5th of September. A day dedicated to Dr. S. Radhakrishnan, the second President of India who was a well-known diplomat, scholar and above all an educationist. Children all over the country express their love and fondness for a very special person in their lives- 'their teacher'. Patience, understanding and kindness are constantly required to nurture young minds and personalities. A good teacher dispels ignorance, inspires creativity and inculcates human values.
