*Test taking process for students*

Go to the link - <https://www.assetdynamic.com/index.php>

Step 1: Click on the 'Task Test' button on the page

The screenshot displays the website [assetdynamic.com/index.php](http://assetdynamic.com/index.php). The browser's address bar and tabs are visible at the top. The main content area features the 'E1 educational initiatives' logo on the left and a large photograph of students in a classroom using tablets. On the right side, a sidebar titled 'FOR TEST TAKERS' contains two green buttons: 'Take Test' and 'View Reports'. A black arrow points to the 'Take Test' button. The footer includes navigation links for 'School Login', 'Our Products', and 'Privacy Policy', along with social media icons for YouTube, LinkedIn, Facebook, Twitter, and Instagram, and a language selector set to 'en-IN'.

Step 2: Enter the 4 digit 'Test Code' provided by your teacher and click on 'Next' button

The screenshot shows a web browser window with the address bar containing 'assetdynamic.com/testForm.php'. The page features the 'E1 educational INITIATIVES' logo in the top left corner. The main heading is 'Candidate Login' with a back arrow icon to its right. Below the heading is a 'Test code:' label with a red asterisk, followed by a text input field containing the placeholder text 'Enter test code here Eg.1234'. A green button labeled 'Next →' is positioned below the input field, with a black arrow pointing to it from the left. The browser's top bar shows various icons and a 'Paused' status.

Step 3: Enter the **'Student ID'** provided by your teacher and click on **'Submit'** button

The screenshot shows a web browser window with the URL `assetdynamic.com/testForm.php`. The page features the 'E1 educational INITIATIVES' logo in the top left. The main heading is 'Candidate Login' with a refresh icon to its right. Below the heading, the text 'Test code: 7335' is displayed. The 'Student ID:' label is followed by an asterisk, indicating a required field. The input field contains the placeholder text 'Enter Student ID here'. A green 'Submit' button with a right-pointing arrow is positioned below the input field. A black arrow points to the left side of the 'Submit' button.

## Step 4: Verify your details and click on the 'Confirm' button

The screenshot shows a web browser window with the URL `assetdynamic.com/testForm.php`. The browser's address bar and tabs are visible at the top. The main content area displays the ASSET logo in the top left corner. A white confirmation dialog box is centered on the screen, titled "ASSET". The dialog contains the following text:

Name: **Dev Dutta**  
Class: **3**  
Section: **A**  
Subject: **Demo**  
Date of Birth: **04-01-2007**  
School Name: **School of Excellence**

If all the details above are correct, press confirm. Otherwise, press cancel and re-enter the details.

At the bottom of the dialog, there are two buttons: a green "Confirm" button and a white "Cancel" button. A black arrow points to the "Confirm" button.

## Step 5: Read the instructions carefully and start the test by clicking on 'Start Test' button

The test consists of **14 Questions**.

The time available is **50 Minutes**.

-  You will score one point for each correctly answered question - no points will be deducted for wrong answers.
-  You can see the time remaining on the top of the of the page.
-  After selecting an answer, go to the next question by clicking on '**Next Question**'.
-  You may jump to any question simply by clicking that question number on the left bar. You can change your answers, too.
-  If you are unsure of an answer and want to come back to the question later, you may click on '**Mark**' the question. A marked question will be highlighted in orange.
-  Click '**End Test**' when you have answered all the questions.

Start Test

# On clicking the Start test button, you will land at the Testing Interface

Some traffic lights have timers to show how much time is left for the light to change colour. For example, in the image shown here, the number 48 indicates that after 48 seconds, the red light will turn green.

How does such a timer help?

A It allows people to save fuel by switching their vehicles off.  
 B It helps the policemen catch people who break rules at the crossing.  
 C It helps people to know the amount of traffic at the crossing at any time.  
 D It allows the policemen to measure how fast the vehicles are moving at the crossing.

Previous Question Next Question

**Step 6:** After clicking on your answer, click on **'next question'** (red arrow) to move to the next question. You can also mark a question by clicking on **'mark'** (black arrow) for reviewing at a later point, before submitting the test
