

DPS Mathura Road
Presents

ECONFLUENCE'21

18th September

Greetings!

The Economics and Consumer Club of Delhi Public School Mathura Road organized its 21st Annual Economics Fest 'Econfluence'21' on 18th September 2021 on a virtual platform for the second time. The event saw the participation of 17 schools and 121 participants. The club has always aimed to provide students with a chance to deliberate and further develop their understanding of various economic issues and how they relate to the world at large. Keeping the same ideology in mind, the club introduced the topic –“Viability of Cryptocurrency” in one of its events – ‘Battle on Krisis’. The event was a huge success and every participant got the opportunity to challenge their creativity and critical thinking skills thereby helping in their overall development and grooming them to rise as confident leaders.

Heartiest congratulations to all the winners and to each and every participant who decided to come out of their comfort zone and participate in this one of a kind event.

The Overall winning team was “Modern School, Barakhamba Road”, New Delhi.
