

DELHI PUBLIC SCHOOL MATHURA ROAD

Celebrating 75 Glorious Years of Excellence

ZENITH 2025 (SECOND EDITION)

Principal's Message

"I am not a teacher, but an awakener." - Robert Frost

As we marked 75 glorious years of excellence, we honour a legacy built on unwavering dedication to academic brilliance, competitive success, and holistic growth. Our students have not only excelled in the Board and competitive examinations, but have also brought pride through co-curricular achievements that reflect creativity, leadership, and teamwork.

Rooted in core values of integrity, respect, and perseverance, our institution continues to nurture global citizens-young minds who are not only prepared for the world but poised to shape it.

We extend our heartfelt gratitude to the honorable Chairman of The DPSS, Shri B.K. Chaturvedi; Vice Chairman of The DPSS, Shri.V.K Shunglu; Ms. Vrinda Sarup, Chairperson, DPS Mathura Road and the Members of the School Managing Committee for their constant motivation and encouragement. Their unwavering support propels us toward the seemingly impossible.

Let us continue to awaken potential, inspire purpose, and journey forward with the same vision that has carried us through seven and a half decades of transformation and triumph.

Best wishes!!

Dr. Ram Singh

It brings me great joy to witness the grand celebration of DPS Mathura Road's 75th Annual Day. I congratulate the entire school community for reaching this remarkable milestone. The success of this event reflects the spirit of unity, hard work, and passion that defines DPS. As we celebrate the past, I look forward to a future where the school continues to inspire, lead, and uphold the values that are at the heart of the DPS legacy.

Shri B.K. Chaturvedi

Chairman, The DPS Society

I am proud to see DPS Mathura Road stand tall as a flagship institution of The DPS Society. Our shared legacy is built on a foundation of academic excellence and visionary leadership. I fondly remember the immense contributions of Mr. Deen Dyal, whose dedication helped shape the school's early years.

Looking ahead, I am excited to share that we are embarking on a complete infrastructure transformation — one that will modernize the campus while ensuring that learning continues seamlessly.

Shri V.K. Shunglu

Vice Chairman, The DPS Society

I take immense pride in the legacy of DPS Mathura Road — a school that continues to uphold excellence not just in academics but in shaping well-rounded individuals. Over the years, we have grown from humble beginnings into an institution of national and international repute. What makes this journey truly meaningful is our commitment to nurturing values like integrity, empathy, and resilience. These values, I believe, are what truly define our students as global citizens of tomorrow.

Ms. Vrinda Sarup

Chairperson, Managing Committee
DPS Mathura Road

DPS, Mathura Road, organises felicitation ceremonies for students of French and German languages, & Mini Japan Camp

German languages, & Mini Japan Camp

German languages (grades 9-12) will be offered as a new elective at the University of Wisconsin-Stevens Point. The program is designed to provide students with a solid foundation in the German language and culture. The course will be taught by Dr. [Name], who has extensive experience in German language instruction. Students will learn grammar, vocabulary, and reading comprehension skills, as well as cultural information about Germany. The program is open to all students, regardless of their previous knowledge of the language.

Mini Japan Camp is a unique opportunity for students to experience Japanese culture and language in a fun and interactive way. The camp is held at the University of Wisconsin-Stevens Point and is open to students from all over the world. The program includes a variety of activities, including language lessons, cultural demonstrations, and traditional Japanese games. Students will also have the chance to interact with Japanese students and learn about their customs and traditions. The camp is a great way for students to gain a deeper understanding of Japanese culture and language.

Students without school's English commitment to learning Japanese, with

Students without school's English commitment to learning Japanese, with a focus on the Japanese language and culture. ...the science of it and to synthesize together the right and the wrong associated with the science involved. The right here would be the right to pursue freedom of research and the wrong would be the wrong to prevent freedom of research. The right here would be the right to pursue freedom of research and the wrong would be the wrong to prevent freedom of research. The right here would be the right to pursue freedom of research and the wrong would be the wrong to prevent freedom of research.

DPS, Mathura East

...the teams pulling for their best efforts in Robotics and Innovation. The DPS Matha East Pioneers' squad through several qualifying rounds and the elimination rounds with their best gift and in-depth understanding of Robotics and AI. The school management, principal, and staff congratulated the winners.

Legacy of DPS Mathura Road: In conversation with the Principal

[illegible]

Rights that are key to well-being of children

in our country, students need to also understand the right to equality and non-discrimination which advocate for an inclusive educational environment where all of them can thrive. By understanding and exercising this right, students can contribute to a more equitable society and advocate for their peers facing discrimination or inequality.

The right to freedom of expression is vital for fostering critical thinking, creativity, and active citizenship among students. By exercising this right responsibly, students can contribute to a vibrant educational atmosphere that encourages dialogue and personal growth. The focus here should be to promote and participate in the discussion, debate, or school publications, ensuring respect for the rights of others in the process.

In the 21st century, students need to be prepared not just as citizens of one nation but also as global citizens. This requires an atmosphere wherein they are given exposure to develop meaningful connections from the world over to enable them to understand and engage with global issues, cultures, and communities. Such an understanding, cultural awareness and respect, collaboration and teamwork, digital literacy, values of sustainability and leadership are among the skills students need. It is a long road ahead, but with grit, perseverance and zeal to learn, students can certainly pick up while exercising and protecting their rights.

On this note, I wish all students a very Happy Children's Day.

Ravi Singh,
Principal, Delhi Public School,
Mathura Road, Delhi
