Newsletter - May 2023

Dear Parents

We welcome the month of May with positivity and joy, we are happy to see that our students are getting comfortable in their new classrooms. We are glad that they are enjoying the new environment and are finding it conducive to learning. We wish all our students the very best for their upcoming Periodic Tests. We understand that exams can be a stressful time, but we encourage our students to stay focused, work hard, and believe in themselves.

With constantly changing weather conditions, we remind our students to take precautions to keep themselves hydrated and protected. They are also encouraged to stay in shaded areas during outdoor activities to stay healthy and safe during this season.

We had to postpone our Scholar Badge Ceremony that was scheduled for last month due to unforeseen circumstances. The new date for the ceremony will be announced shortly. We apologize for any inconvenience this may have caused and thank you for your understanding.

I look forward to creating a supportive partnership with you, as we continue to work towards a bright future for our students.

Manisha Varma
Headmistress
