Newsletter for the Month of November'22

Dear Parents,

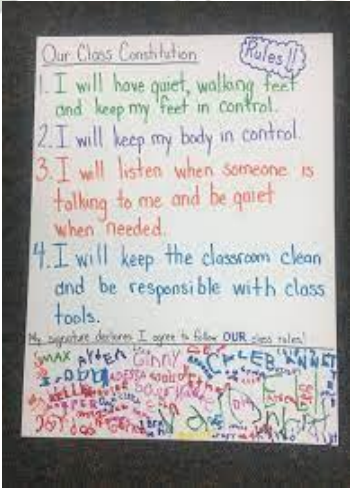

We hope you had a joyous festive season. The festival of lights gives way to yet another month of celebrations, as we light up our homes once again for Guru Nanak Jayanti. Keeping up with the festive spirit, the Junior School is celebrating Mathematics Week, from 31<sup>st</sup> October to 4<sup>th</sup> November. The theme for this year is - Maths in Real World. Close on the heels of the mathematics week is perhaps the most fun-filled day of the year – Children's Day. Each year we celebrate this day as a tribute to our first Prime Minister, fondly remembered as Chacha Nehru. Children's Day also inspires us to advocate for, promote and celebrate the fundamental rights of children. After two years of celebrating Children's Day virtually, we have planned a lot of activities to make this month extra special. We shall be celebrating with the Children's Day special assembly, prepared and presented by the students and teachers of class-2. The fun does not end there as we have the Rocksport Camp lined up for our students along with many more activities. We wish to make this Children's Day a memorable one.

Ranjana Dean  
Headmistress
