1st August 2023

Dear parent

The month of August invokes a deep spirit of patriotic fervour amongst all of us. This month is all about talking to our children and instilling in them a deep love for our country as we celebrate Independence Day. A special week is planned to celebrate India's rich cultural heritage, developing in our little ones a sense of patriotism - which means love, respect and loyalty towards our country and its diversity. To commemorate and continue celebrating 75 years of India's Independence, a small presentation has been planned under the theme of 'Tribal Empowerment' under the aegis of Azadi ka Amrit Mahotsav, a Govt. of India Initiative.
