8th January 2021

Dear Parents,

We at Delhi Public School Mathura Road wish you a very HAPPY NEW YEAR and promise you yet another bouquet of celebrations and memorable moments all through the year 2021. May the coming months bring peace, prosperity, good health and happiness for everyone. The past few weeks have been a joyous experience for the little ones. Festivity and celebrations abounded the month gone by wherein the children were engrossed in multifarious activities celebrating the joyous spirit prevalent during that time of the year. The little ones enjoyed singing Christmas carols, writing letters to Santa, creating little treasures like a Christmas tree, a Christmas garland etc.

‘A Story Fest’ helped to enhance the imagination and vocabulary of the children who watched joyously as their teachers enacted stories for them on the online platform.

Art helps one express the deepest of emotions in the simplest of forms. ‘ARTY EXPRESSIONS’ marks days in the calendar of the month where our young and eager learners will be using a variety of material to try their hands at different art techniques like charcoal sketching, pour painting etc. This rich exposure to art forms will sensitize them to the inherent beauty all around them and lead them to appreciate and value their own creation.

Republic Day celebrations will be the highlight of this month, invoking patriotic feelings in each one of us. The children will be apprised about our Constitution which is the longest in the world. To help them understand the significance of Republic Day and how it is celebrated, a power point presentation and videos will be shown.

The NEW YEAR brings with it new dreams and resolutions. A new set of social and moral skills will be learnt and our main focus will be to ingrain them correctly into the little one’s entrusted to our care, during the coming months.
