

Dear Parents,

The month of March has brought with it the season of spring which spreads exuberance and excitement all around with new beginnings in the offing. It also brings memories of the year gone by, a year that has been an extremely enriching experience for all of us on this online learning platform. We were happy to be safe at home while the process of learning went on. This being the last month of the session, children are really excited and geared up to take a step ahead and go on to the next class.

They were given many opportunities to learn and take initiative through a wide spectrum of learning tools like PPT, Show & Tell, Music & Dance, Art creations, Picture reading and many more. These activities have made them really confident, at the same time arousing their curiosity and eagerness for new learning. They have become young confident achievers with each passing day. It is heartening to see them blossom. It has been our pleasure and privilege to watch them grow.
