1<sup>st</sup> November 2021

Dear Parents,

The crispness in the air of the approaching winter season has pepped up the forth coming days. With the mornings getting colder the little ones need a little more attention before they settle down for class. A healthy breakfast and a warm hug will keep them snug through the day, giving them energy to tackle activities with a positive and alert mind.

Almost the whole month of October 2021 was dedicated to the special event, 'सृष्टि- Paradise Recreated' where the children put their best foot forward in unleashing their creative potential to craft unbelievable masterpieces related to animals, and they were also sensitised towards being kind to animals. These activities culminated with a grand and vibrant exhibition held from 27<sup>th</sup> October 2021 to 29<sup>th</sup> October 2021, in which the little ones displayed their creations with pride.

The festive season continues into the month of November, as the crescendo of activities, fun, frolic and celebrations heightens through the month. Diwali, Children's Day and Gurupurab will be celebrated with assemblies and activities which have been interwoven into the curriculum to enhance online learning. We hope to make each occasion memorable and fun, which our tiny ones will remember for a long time to come.

Good tidings and happiness for the festive season!!
