1st February 2024

Dear Parent

It fills our heart with pride to see the little ones blossoming into young, confident achievers with each passing day. They surprise us daily with beautiful anecdotes which showcase how much they have grown physically, mentally, and emotionally. We wish they keep blooming always, spreading cheer and positivity around.

February brings along the eagerly awaited **Annual Day** celebration which is looked forward to by the children and parents alike. Each class has put their heart and soul into practice and are putting up a colourful and entertaining show- 'Colours of Life' for the proud parents.
