Newsletter

13th April 2021

Dear Parents,

The beginning of a new class in school is a wonderful time in a child's life. We are happy that the children are safe at home while the process of learning goes on. Everything is new and exciting on the online platform and we aim to help the children settle into this awe-inspiring environment with ease. We recognize that each child is unique and every attempt will be made to make his/her experiences through online classes both positive and rewarding. We hope this year will provide many happy memories for both you and your child and we look forward to an active, wonderful and rewarding time ahead.

Our aim is to holistically develop skills and values in each child and to involve them in multifarious activities which are woven into the curriculum to make online learning more enjoyable and interesting. Activities are planned keeping in mind the child's strengths, helping him/ her to acquire skills and understanding in all areas of development i.e. social, emotional, physical and cognitive.

Best wishes for the new session.

Roopa Arora
Senior Mistress

Headmistress

ACTIVITIES OF THE MONTH on MS Teams:

15th & 16th April 2021(Thursday & Friday)-

BUDDIES MEET

The best friendships begin in Pre School and if nurtured with love and care they go on forever. Here we are all geared up to help our little champs to take a step up and make best buddies for life. The 'Buddies Meet' has been organized to help our little ones to get to know their new friends & teachers, making schooling & learning fun filled and enjoyable for them.

WELCOME ACTIVITIES

DATE & DAY	ACTIVITY	MATERIAL REQUIRED	LEARNING OUTCOME
15 th April 2021(Thursday)	Welcome Wall Art	1.A printout (will be sent in the requirement list). 2.Poster paints of any two bright colours. 3. Crayons	This activity will help to build up Social skill amongst kids.
16 th April 2021(Friday)	Paper Tearing	1.Exploring art & activity book-Page no. 3. 2.Half of Red colour A4 size sheet. 3. Crayons	This activity will help to improve their motor skills and pincer grip.

22nd & 23rd April 2021 (Thursday & Friday) - EARTH DAY

Earth Day is celebrated on April 22 every year. The **day** aims to create awareness among masses about climate change and global warming. It inspires us to act towards the protection of the environment and focus on the need for conservation. The children are very aware about the sanctity of Mother Earth. A few activities have been designed for them to broaden their horizon and strengthen their love & empathy towards our plant - Earth. These activities will be done in a fun filled way and will help them learn facts about Mother Earth and the importance of keeping it neat and clean for our bright & healthy future ahead.

EARTH DAY ACTIVITIES

DATE & DAY	ACTIVITY	MATERIAL REQUIRED	LEARNING OUTCOME
22.4.21 (Thursday) 	My Beautiful Earth 	Paper Plate (medium size) green & blue wet paint, Cellophane sheet.	The children will move their finger freely on the paint without making any mess, which will make them happy and improve their motor skills and give them the sense of direction. This activity will help them to understand the basic colours of our Mother Earth
23.4.21 (Friday) 	Spot the difference to find our Earth 	Worksheet	This activity will improve their hand - eye coordination and thinking skills.
