

Delhi Public School Mathura Road
Pre Primary Wing
News letter & Summer Vacation Assignment

1st May, 2018

Dear parent,

Each day gone by in the month of April was dedicated towards making the children of the Pre Primary Wing comfortable and settled in their new environment. Making new friends, loving their teachers, enjoying the daily curriculum and learning while playing surely makes school special for them. Our main aim is to offer a plethora of opportunities to the little ones – helping them explore their personal skills, talents and developing their curiosity while they are involved in multifarious group and individual activities, learning as they play. The main aim of the activities revolving around ‘Earth Day and ‘Nature Week’ was to sensitise the children to their responsibility towards the Earth, learning to do their ‘bit’ to preserve nature.

The scorching summer wind and unrelenting heat of May makes us all look forward to the long summer vacation, a time for relaxation and enjoyment. It is an opportunity for young children to spend quality time, enjoying and learning with their parents. Summer vacation is a time for many wonderful memories like trips to the hills, the beach, picnics and simply spending time together. The summer days are long and focus needs to be on activities and fun that will remove all traces of boredom from the child’s life and make it stress free. Let vacation time be a doorway to creativity, learning, growth, development, joy, happiness and above all, bonding.

Wishing you and your family a wonderful and exciting vacation.

Activities for the month

Mother’s Day - 11th May, 2018

The children will shower their love towards the most important person in their life - their ‘MOTHER’, with a small token which they will make with their own loving hands. Kindly send a disposable (PAPER) glass and some decorative stickers for the same.

Happy Mother’s Day

Time to Party- 18th May, 2018

Breakup party for the tiny tots in the class. Children will carry party food to school which they can share with their friends. A day to feast, dance and simply have fun.

Summer months are very hot and make children feel tired, lazy and inactive. Let's encourage them to remain fit and healthy with a dash of fun.

KEEP FIT!

*If you want to keep fit, why not go for a run?
Try skipping with a rope – that can be a lot of fun,
And don't forget dancing – that's also good for you.
Then, of course, there's swimming – you could try that too.*

*You might want to do a little running on the spot,
And try a few star jumps, or maybe quite a lot.
You could try bending over, so your fingers touch your toes,
Or kick your legs up so your knees almost touch your nose.*

*You could play a game of football – in fact, I think you should
And a quick game of tennis would really do you good.
Just walking at a fast pace will help to keep you fit,
'Cos you'll never stay healthy, if all you do is sit.*

SUMMER ACTIVITIES

Our Chef For the Day: Summer vacation the perfect opportunity for the fathers to team up with their little ones and create a dish of their own and name it too. Click pictures for the same and paste on a coloured sheet of paper. Kindly send the same to be displayed in class.

Cubes

Class Pre school children to make alphabet cubes (according to the letter specified by the teacher). The cube will have the letter on one side and related pictures on the rest.

Class Pre Primary children to make blend cubes (according to the blend specified by the teacher). The cube will have the blend on one side and related pictures on the rest.

Let's Know Our World: Each child to prepare a painting/ collage of the topic allotted. The composition can be made using different art & craft techniques like paper tearing, finger painting, vegetable printing etc. Please share any five interesting/ lesser known facts about the topic chosen and the same to be written in bold on a coloured sheet of paper. The child should speak about the same in class.

CLASS	TOPIC	CLASS	TOPIC
PS - A	Dog 	PP - A	Octopus 
PS - B	Snake 	PP - B	Monkeys and Apes 
PS - C	Trees 	PP - C	Solar System 
PS - D	Horse 	PP - D	Fruits 
PS - E	Bear 	PP - E	Aeroplanes 
PS - F	Flightless Birds 	PP - F	Flowers 
PS - G	Fish 	PP - G	The Cat Family 
PS - H	Kangaroo 	PP - H	Birds that Fly 

A trip down memory lane - make your child learn a game that was his/her grandparent's favourite outdoor game and play it with them.
