

Dear Parent,

The Pre Primary Wing has once again come alive with the bubbling cheerful voices of our little angels after the long relaxing and re-energizing vacation. The tiny tots of the Pre Primary Wing are brimming with enthusiasm and are raring to go.

The summer break was a welcome relief from the scorching heat, and we hope that the month brings with it cool showers, bringing the temperature down to make the days more comfortable and enjoyable. The month of July is a busy one loaded with activities to make learning fun and exciting. It is imperative that the child feels energetic and participates wholeheartedly in school life, so please ensure that your young one is fresh and active after a good night's sleep, ready to face the challenges of the day.

Children are quick learners and absorb and imbibe everything around them. It is our constant endeavour to inculcate good cleanliness habits, taking care of our personal hygiene as well as the environment. This vital task will not bring the best results without your co-operation, therefore we look forward to your hearty co-operation as we focus on teaching the importance of hygiene and cleanliness in this magical monsoon month of July.
