<u>Delhi Public School, Mathura Road</u> <u>Primary Wing</u> Newsletter - July 2023

Dear Parents

I hope you all had a delightful summer break filled with joy and relaxation. During the summer vacation, children have had the opportunity to explore various activities, spend time with family and friends, and create cherished memories. Now, as they gather their backpacks and don their uniforms, we welcome them back to the familiar halls of our school. We trust that the summer break has refreshed their minds and spirits, preparing them to embrace the upcoming challenges and opportunities.

I am pleased to announce that one of the highlights of July will be the Inter-Section English Debate, where the young minds of Class IV and Class V will engage in an intellectual battle of words. The topic for the debate is 'Social Media has Improved Communication.' It will be a riveting display of critical thinking and persuasive skills as Class IV advocates for the motion, while Class V passionately argues against it.

In addition to the debate, we have two class assemblies lined up. Class I-C and I-D will be presenting their assembly on the theme -'Rainbow,' symbolizing the vibrant spectrum of diversity and unity within our school community. Similarly, Class II-C and II-D will be exploring the theme -'The Importance of Fitness' in their assembly. They will surely inspire us with their energetic performances.

I am certain that July will be a month filled with intellectual stimulation, artistic expressions, and renewed dedication to both physical and mental well-being. We are excited to witness the growth and accomplishments of our students throughout the upcoming academic year.

ACTIVITIES FOR THE MONTH OF JULY 2023

<u>Day</u>	Class	Activity description	Materials Required	<u>Learning</u> outcomes
3.7.23	I to V	INTERNATIONAL PLASTIC BAG FREE DAY (3rd July) HOME ROOM ACTIVITY INTERNATIONAL PLASTIC BAG FREE DAY July 3 - 2021 Plastic pollution is a global catastrophe and sadly it is a man-made one. Approximately 500 billion plastic bags are used on a global scale. Many of these bags end up littered all over the planet. This is having an extremely detrimental effect on the environment, wildlife and indeed human health.	Activity The teacher will sensitize the students about the ill effects of using plastic bags to the environment. A video on the same can be shown. They can be then asked to identify the students carrying school bags made out of cloth or jute. https://www.youtube.com/watch? v=3_fjEc4aQVk	The main goal of the day is to raise awareness of the growing harm that the use of this non-biodegradable substance is causing to the environment.
3.7.23 to 7.7-23	I to V	INTERNATIONAL YEAR OF MILLETS (IYOM) MILLETS (IYOM) To create domestic and global demand and to provide nutritional food to the people, Government of India had proposed to the United Nations for declaring 2023 as International Year of Millets (IYOM-2023).	*Colourful A- 4 sheet *Colours Classes 3,4 and 5 — *Activity notebook Videos- https://www.youtube.com /watch? v=vOEPcMAqeLl https://www.youtube.co m/watch? v=JYrlGsUvWuk	To sensitize the students that these grains are gluten-free and are laden with protein, iron, calcium, phosphorus and vitamins. These are chiefly used as cereal for making weaning foods that support brain development and growth in children.

		Teacher will discuss some easy recipes on millets with the students and they will be asked to write any one recipe in their activity notebook.
