

Dear Student,

We hope you are safe and doing fine.

We are glad to have you onboard for the ASSET Test. ASSET is a benchmarking test to help you assess your scholastic skills and identify the areas of strengths and weaknesses.

Please go through the instructions mentioned below carefully.

Instructions for ASSET Test:

1. The URL for the test is: <https://www.assetdynamic.com/>
2. We recommend the students to take the tests on computers or netbooks or on tablets (with screen size 9 inch or greater).
3. ASSET (Computer Based) works on the latest version of Google Chrome, Mozilla Firefox or Internet Explorer. Please avoid Safari browser for the tests.
4. The internet bandwidth required by the students is 2 Mbps. This is needed to ensure the smooth conduction of tests.
5. The orientation and test schedule will be shared by the school.
6. On the test dates, students are required to join the zoom meeting shared by the school. The test will start sharp at the time shared by your school.
7. The test code will be shared with the students 5 minutes before the test start time in the zoom meeting only.
8. The students will require a student id to start the tests. The student id is same as your student registration number.
9. If in case a student gets logged out of the test, the student can resume the test from the same or another computer/tablet using the same details as used to start the test earlier. The test facilitator has to enable re-login from her screen for the student to resume the test. The student will be able to re-login and do the test from where he/she had stopped.
10. We strongly recommend the students to go through the instructions that will be presented to them on ASSET test page before starting the test.
11. The students are suggested to NOT click on 'End Test' option unless they complete all the questions. Once they click on End Test option, the test will be submitted and the student will not be able to reattempt the test.

12. The students are suggested to NOT change window tabs during an ongoing test. It may disrupt the test and close it. Also, please avoid refreshing the test page.
13. Each student gets a different set of questions which are dynamically generated.
14. The students are suggested to attempt all the questions. There is no negative marking in the ASSET test.
15. To access the reports, the students will be provided with an access code after the tests. The same link will be used for accessing the reports as well.
16. Please keep the zoom app downloaded in the device you will use to join the zoom meetings.
